Comments	<input type="text" value="I cannot object to this proposal strongly enough. The council promised the northern limit for development would be Dukes Meadow drive. Not only has this now been breached, but a further 78 houses are proposed. This impinges on the historical and preserved village of Hanwell, further threatening its very existence as a village. It threatens the horizon views, wildlife habitat, and peace and quiet of the village. There is no infrastructure in Hanwell to deal with all the extra traffic these 78 houses would bring. I also presume these houses would necessitate destruction of tree lines which is absolutely against what has just been agreed at COP26. Fighting Climate change has to be our priority which means maintaining trees, farmland. There are many brownfield sites around Banbury that could be developed instead of further destruction of green field sites - please consider these instead of this disastrous proposal."/>
