Comments	<input type="text" value="Further housing developments on green space on the north side of Dukes Meadow Road is encroaching on the rural setting of Hanwell village. The couple of fields left between Hanwell and Banbury are an important environmental buffer and should be protected and enhanced to off set carbon emissions from Banbury, the M40 and the Hennef Way which is now one of the most polluted roads in the whole of the South East of England. The natural capital between Hanwell and Banbury needs to be protected and conserved and not built on. The Council should reject this application as its damaging to Hanwell and its rural setting."/>
