<b>Comments</b>	<input type="text" value="The village has often struggled with phone coverage, and needs investment. A lot of the discussions about this application are not based on facts and are not feasible, for example the discussions about alternative locations - the location cannot be randomly allocated out of sight as otherwise it would be pointless! I believe a lot of the comments against this application are made by people against change, in any format at all. I strongly support this application and hope the committee approve it."/>
