| <b>Comments</b>           | <input type="text" value="This application is not appropriate for the entrance to a historic village in a conservation area. Whilst many people will be happy to have 5G this location is not suitable as it is in an area where we cannot prune a tree without permission, cannot install heritage glass or repair windows. How then can this base ( and associated mast in separate application) be judged appropriate so close to historic cottages ? This is not a suitable location"/> |
