| Comments | <input type="text" value="I strongly object to the development, there is a long term issue in this village with flooding, properties have been flooded on various occasions over the 17 years that I have lived here, in the area I live, near to the proposed development. water rises out of the drains in the road. Regardless of clearing drains, the issue remains and additional pressure on the drainage system will impact the value and lives. Please do not put current home owners at risk in favour of this development"/> |
