Comments	<input type="text" value="Sheep street and the surrounding area is in disrepair and in many places derelict. That should be used for housing before greenfield sites are used. Please see the attached pictures. The area in the planning application floods every year - it is part of the flood plain. The area was designed originally with lakes to try and help but in the recent years the lakes were overtopped. This is not a good use of open space on a floodplain."/>
