Comments	<input type="text" value="I've lived in Langford for a number of years and have watched as each winter the flooding in this area gets worse. The fields on Gavray Drive are vital flood drainage and building on this could have severe consequences for the rest of the estate. Last winter the green space between New and Old Lanford flooded worse than ever before. If houses are build on the proposed land this will not only cause a significant flood risk to the houses in the immediate area but also to Lanford Village as a whole."/>
