Comments	<input type="text" value="To whom it may concern. There are several issues for building asking Gavray Drive. - the impact to the green space and wildlife would be so harmful, even the green area allocated in the new homes would be distributing the wildlife. - flooding - the flooding in the area is so bad already and nothing has been done to resolve it. Building on the flood plane would also make this worse. - Gavray Drive- the road has already got defects from lorries parking down the road (when there are signs saying the road isn't suitable) it would make the road horrific to drive down for the existing residents."/>
