Comments	<input type="text" value="If I am not too late, I object to housing sit LPR-A-071 which will block the wildlife corridor from Gavray Meadows out to the East of Charbridge Lane (AA421). I appreciate that many negotiations will have taken place with ecology campaigners who are doing wonderful work to protect the wildlife prevalent in this area which we have often observed over many years of living in this area. Whatever is finally agreed must surely not be to the detriment of this precious natural habitat and must not bring more traffic chaos (it is impossible to drive anywhere in Bicester without being held up for a lot longer than should be necessary) noise and over population of the area. Lots of green spaces appear to be being swallowed up around Bicester and this development must be sympathetic. It must also not raise the flood risk for local residents. Thank you for registering our comments and I appeal to the developers/planning office to listen to the strength of feeling in making decisions around this."/>
