Comments	<input type="text" value="There is still a problem with tents being erected the moment that better weather returns. Because we are trying to form a Community Interest Company for Gavray Meadows LWS, we do not want to inherit the problem with these tents. I believe that many of the persons who use these tents access them from Footpath 129/3 from the industrial estate. I believe that the CDC and OCC want to retain this footpath but who uses it? After dark no one sensible I would think. It can be blocked off at the rail tunnel entrance or a gate with a digital access key. There has been no comments from the Police about safety of walkers using the Gavray Meadows or the inhabitants of the proposed newL&Q Estate. I regard it as a serious ommission on the part of the Councils and Police. I attach photos of these tents and ground littered with toilet paper."/>
