

# Comment for planning application 21/03759/F

<b>Application Number</b>	21/03759/F
<b>Location</b>	Land East Of The Leys Adderbury
<b>Proposal</b>	Erection of 2 dwellings
<b>Case Officer</b>	Wayne Campbell
<b>Organisation Name</b>	Hayley Johnson
<b>Address</b>	Conifers,The Leys,Adderbury,Banbury,OX17 3ES
<b>Type of Comment</b>	Objection
<b>Type</b>	neighbour
<b>Comments</b>	<p>Dear Sir Our objections to the planning application - 21/03759/F are as follows: Access to the site is along narrow lanes through the village and then along a single concrete track (impassable for 2 vehicles) that leads to the sewage works . Any large delivery lorries etc would find it difficult the manoeuvre along the track as there is a narrow turning before getting to this site. In the past, sewage tankers have been unable to turn without hitting/almost hitting the wall to our property. More recently, when the sewage works needed a generator delivered the flat bed lorry was too long to get around the corner without hitting our wall. The conditions of the concrete track would not take a lot of heavy goods vehicles using it all day 5 days a week. The Refuse collection lorry does not drive down the track to collect our bins as this not a public highway. The bins have to be left at the top of the track to be emptied. The track is used by dog walkers and parents with young children on a daily basis, therefore, their safety would be compromised with higher volumes of traffic. The impact to wildlife and nature would suffer. Currently living or using the area are Muntjack deers, bats and an array of birds. The loss of trees would be detrimental to these animal and birds. We feel that there is enough green space in the village being built on without adding to it with these proposed dwellings. Therefore, we would ask that our objections are taken into consideration before this application is granted. Yours faithfully Hayley Johnson</p>
