<b>Comments</b>	<input type="text" value="This application is now on its fourth version with the previous three having been withdrawn. As per comments already made, this latest version does not differ in any great way from the previous versions. One house has been moved and the traffic has been addressed, but the main objections remain. Namely, this lies outside the area for development outlined in the village plan, (Claiming the plan doesn't stretch beyond 4.7 years is daft), two 1m+ houses will have a negligible affect on the housing stock, the electricity supply is already less than robust in The Leys, there will be an impact on the wildlife, access for building traffic via the narrow section of The Leys and via Tanners Lane will be difficult and is very likely to damage verges and potentially properties. Other objections have raised other valid reasons against this development."/>
