Comments	<input type="text" value="There has been very little change from the previous 3 withdrawn versions of this application. This lies outside the area for redevelopment outlined in the village plan. During the build, access for the construction traffic will be damaging to the verges and probably the properties in the narrow sections of The Leys and Tanners Lane. The traffic for the 2 additional houses in this application will be a very difficult problem for the existing properties in The Leys and Tanners Lane. Wildlife will be negatively impacted, electricity supply for 2 additional houses is likely to be a problem and other objections from previous versions of this application still remain valid. This application must be rejected."/>
