<b>Comments</b>	<p>This proposed building looks ugly and is not in keeping with the area! The current building actually looks more visually appealing. importantly what provisions have been recommended for that junction with Merton Dstreet and Middleton Road. It is already horrendous!! Often the lights change green but the traffic from Merton Street cannot move because the cars on Middleton Road are backed up blocking the ability to join Middleton Road, it's crazy!! At certain times of the day there is school traffic, mosque traffic, train car park traffic, Royal Mail traffic and resident traffic!! Middleton Road gets backed up at rush hour EVERY day and particularly when there are REGULAR roadworks on Hennef Way (I've never know a Road get dug up as much as Hennef Way!!!) but during this time residents in Grimsbury simply cannot get off their estates. Middleton Road and Merton Street are getting worse and worse, please sort out the roads and infrastructure before agreeing to a hotel that will only increase the traffic issues!</p>
