<b>Comments</b>	<input type="text" value="I strongly object to any plans to build on the car park of what is meant to be a working pub. How will it continue to be a pub without any parking? The 'business model' seems to be to live in the property as a house and open as a licensed premises for the minimum amount of time possible during a very few months of the year, but even in that limited opening time there will surely always be a need for customer parking? It is misleading to say this application merely amends a previously allowed application, this is a completely different development and should be viewed as such. This application should be turned down. Yours sincerely Anne Skowronska"/>
