Organisation	<input type="text" value=""/>
Name	<input type="text" value="Linda Henderson"/>
Address	<input type="text" value="10 Goodwood Close,Bicester,OX26 1AA"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The infrastructure and health provisions in Bicester cannot cope with the amount of housing already being built. Another 6 to 10,000 residents (as there will be more than one person per house) needing medical facilities and driving through already overcrowded roads and junction 9 and the A34 will make living here unbearable. The sewerage works will be overcome and be like Witney where it can't cope and raw sewerage will end up in our myriad waterways. These houses are not needed in this area. The land used will mean rainwater run off has no where to go. Wildlife and their habitat will be irreversibly destroyed. There are more than enough houses and people in Bicester than what we currently have can cope with."/>
