Type of Comment	Objection
Type	neighbour
Comments	<p>As a resident child of Bucknell, I would like to object to the proposed extension of the "Eco-Town" known as Hawkwell Village. The traffic in our village is a major concern as it is now, let alone another 6000 cars using our village as a rat run to get to the Motorway if this development goes ahead. The number of cars, vans, lorries and speed currently going through our village makes it very difficult for us to cross the road safely to catch our school bus or visit the park or friends. The village has very few paths so the roads must be used, which will become even more dangerous if you agree to this planning. I have lived in the village most of my life and do not want to be part of Bicester, I like the country life and seeing the wildlife on my doorstep, but this will be lost with such a large development and the wildlife will have no where to go. With the increase of traffic and the close proximity of the houses the noise level will increase in our village. We have spent nearly a year and a half being home schooled and having green fields and farmland to take daily walks was a great help to our mental health during this difficult time - we value these areas and would like to hope these will be here for us to enjoy during our adulthood. Our village also suffers from flooding and if you take more of our green areas this will only increase. Do you think this is right? Please do not allow this application to be passed.</p>
