Address	<input type="text" value="51 Beckdale Close,Bicester,OX26 2GT"/>
Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I currently object to this application & its timing. Yet another ill conceived planning application to the detriment of Bicester and its existing residents. Erosion of further green space whilst increasing traffic & pollution will have a negative effect on people's well being. This proposal will also place further strain on an infrastructure system that is already beyond capacity. Before any further applications are considered Howes Lane must be realigned as promised. Having already secured funding for this exact purpose, to then have it siphoned away using inaccurate reasoning, citing it unlocks more housing in Abingdon at 350 homes, than Bicester when clearly this application alone is for 3,100 homes. Also the citing of incorrect deadlines that have now been extended, that the money must be used by or lost as further justification to remove the money from its intended purpose is a travesty. CDC and OCC need to take a long hard look at how they operate and their integrity or lack there of. Bicester is fast becoming an undesirable place to live as a warehouse town and development of remaining green space whilst there is inadequate infrastructure to support the effects of further building is quite frankly a joke. The country may have a need for more housing but it doesnt all have to be built in and around Bicester."/>
