Address	<input type="text" value="5 Rose Close,Bucknell,Bicester,OX27 7NA"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I would like to express my objection to this planning application for the following reasons: Consultation of this planning was not publicised to the affected households - presumably trying to pass the planning under the radar!! The size of the development is far too big and is not part of the original plan for the Eco-Town. Traffic - Massive increase in traffic in an area that is already struggling to cope. Safety of our village, children and elderly under threat with increased traffic. Destruction of these fields will leave nowhere for our wildlife (deer, foxes, great crested newts) to live. Light and air pollution will be affected by the buildings, floodlights and traffic. Antiquated drainage system in the village - regularly flooding. Road infrastructure on their plans is out of date. No detailed models of the proposed development, so who knows what they plan to build and if it will be within character of the area. Please see attached letter to support the above. This planning application should NOT be approved."/>
