<b>Comments</b>	<input type="text" value="No further planning applications regarding Bicester and surrounding villages should be approved until the infrastructure of what has been already built is sustained. There are not enough doctors, schools. In the rush hour the road into out of Bicester are full. I have lived in Bicester since 1988 and all the council seem interested in are building housing without thinking of how people are to live, the level of pollution. There was supposed to be a road built away from the estate where I live this has now been put on hold. We are constantly being lied to by the council. Plans are being put forward with not thought for the people who already live here."/>
