| Comments | <input type="text" value="I would like to object to the Hawkwell Development on the grounds that the Bucknell village will be severely affected by the expected increased volume of traffic. Currently, according to the Oxfordshire annual average daily traffic flow there are 2900 vehicles passing through the village as reported by the traffic monitor (CP348) situated on the Bucknell road between the grain store and the railway bridge. Bucknell Road is quite narrow, particularly around the Triggerpond public house and unsuitable for heavy traffic."/> |
