Comments	<input type="text" value="Once again no thought is given to the impact of creating this many houses in the existing infrastructure of Bicester. 3000 homes Presumably: 8,000 more people 5,000 more cars: a report out today which the government has acknowledged proves that green field sites rely far too heavily on car use. Where are the secondary school aged kids going to go? Where are these poor people going to find a dentist, doctor? What will adding 500 commuters do to our Bicester trains? 1,000 more cars and vans on the road through Bicester at 8:30 every morning and 5:30 at night? Please, no! It has to stop!"/>
