Type of Comment	Objection
Type	neighbour
Comments	<p>We strongly object to this outline planning application for 3,100 houses combined with commercial premises at Bucknell and support each and every item of objection so well set out in the Bucknell Parish Council submission. We would also dispute whether proper notice has been given to the public. This is yet another case of our rural community and green belt being stolen from us to the detriment of Bucknell and area which will be swamped by pollution, traffic noise, loss of wild life and general upheaval for about 10 years when the development is being undertaken and for ever thereafter. The culture of village life as it is now will disappear. Other surrounding villages will also be swamped and will lose their identity by such a massive development of urbanisation on a very large scale. We are already having to put up with the theme park at Chesterton which results in the loss of the major part of the golf course and leisure facilities and the continued expansion of Bicester. In Weston on the Green there will be a knock on effect of a vast increase in traffic and pollution and we are already suffering enough with rat-runs through the village which the small B roads just cannot cope with. Urbanisation has to be accepted but it has to be in the right place and not to the complete upheaval and devastation of Bucknell in particular and other local villages within a 10 mile radius. Tony & Jane Henman, Monks Walk Church Lane Weston On The Green OX25 3QS</p>
