Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="This planning application will have devastating impact on the neighbouring village of Bucknell. The surrounding road infrastructure is already insufficient and if this planning goes ahead the traffic this planning application will generated will have a significant impact on the resident already present not to mention being directly in conflict with the towns eco vision especially as this application plans to destroy another green space in then area with no effort to preserve any of the green space."/>
