<b>Comments</b>	<input type="text" value="I object to this planning application, which is an unnecessary extension of an already large development for the sole purpose of profit for the developers and with no consideration to the impact on the local community and wildlife. As a parent of two young children, I am particularly concerned about the significant increase in traffic we would see in the small village of Bucknell (which does not even have pavements) - therefore making it unsafe for my children to play outside the front of their home and walk to the local park which they love. There is already significant development across all parts of Bicester - why make this unnecessary extension to the existing development and destroy the remaining green space between the relentlessly expanding town of Bicester and Bucknell?"/>
