Good evening

I completely agree with my husbands comments below. I know many people in Bucknell and surrounding areas, they are devastated by the proposed plans.

This area is home to an abundance of wildlife which will either be displaced or, even worse, have no hope of survival. Green spaces should be treasured for all of us to continue to enjoy and we must protect our native wildlife.

The pandemic has changed our town centres, with many businesses unable to continue to trade. This has created empty shops/buildings which should be given a new lease of life and be converted into affordable homes for first time buyers.

Please do not destroy this beautiful are.

Dear Philip Moon,  
Thank you for your email making the following comments on application number 21/04275/OUT:

"The proposal continues with the uncontrolled development of Bicester and surrounding areas destroying countryside, the environment and without consideration of the infrastructure necessary for the extra residents.

This is another example of developers running roughshod over the actual needs of people and with no respect to the environmental harm.

This proposed development should not be approved."

Your comments have been forwarded onto the planning officer dealing with this application, who will take your views into consideration when determining this application. We are sorry but the planning officer will not be able to respond directly back to you regarding any questions which you may have raised in your correspondence.
