| Comments | <input type="text" value="Bicester is turning from a nice town to live to a bustling metropolis of vans and lorries and frankly traffic that we cannot maintain. You only have to go a few miles now and you will stumble upon hub upon hub and commercial logistical outlets. Delivery vans are strewn across all the residential areas which is unsightly and unfair. What is the desire for Bicester to be? This new venture for more homes is killing the natural and peaceful environment, straining the roads and not to mention the drain on the resources. I can even get out of Lords Lane in the morning to get to work and it is only a matter of time before we see a fatal accident. Traffic is already fit to burst and this has no thought for current residents and an absolute disregard for the nature we are fortunate to surround us with. An absolute embarrassment for our seat and the constituents will notice and I for sure will change to protect Bicester."/> |
