<b>Comments</b>	<input type="text" value="I object to the application of even more housing on green space in Bicester. As a resident, parent of three young children and a primary teacher in a local, Bicester school I am shocked at the proposed distraction of yet more countryside space. Our children will end up with no vast green spaces. Not knowing what a natural looking field is. There will be more families driving their children to school as schools seem to take forever to build and then are on a rolling entry programme which DOES NOT serve the community it is built within, putting increasing pressure on already increased traffic load on surrounding roads. I feel it is totally unnecessary and Bicester has had such vast and rapid growth over the last few years, yet more housing is just not necessary. It will cause distraction of flora and fauna and I have seen so much of this since we moved to Bicester in 2008. I fear this is a case of greed and NOT need."/>
