Comments	<input type="text" value="I object to the application. The site boundary and the future roads need to be sympathetic to the existing development of Elmsbrook that has hedgerows to encourage biodiversity. The outline of the Hallam Land Management Ltd proposal mentions biodiversity as one of its aims. Elmsbrook has a main hedgerow for biodiversity and Hallam Land Management Ltd plan to put one of their main roads parallel to this, if this goes ahead then local biodiversity could suffer. This doesn't fit in with Elmsbrook's aims, Hallam's aims or the councils aims. Kind regards, Christie Vaughan"/>
