Comments	<input type="text" value="As a resident of Oxford I am writing to object in the strongest terms to the plans to build 3100 houses at Hawkwell. The area already has many new houses & the planned development will destroy wildlife habitats, increase pollution, increase the risk of flooding & increase the level of road traffic. The plans also seem to be being rushed through at speed, presumably in the hopes that the public won't have time to galvanise support. Please, please, think again & cancel this ill-advised scheme before any more damage is done in the area."/>
