Address	<input type="text" value="6 Juniper Gardens,Bicester,OX26 3FS"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="A ridiculous suggestion. more houses on one of the last surrounding areas of green in Bicester. The infrastructure of the town is already overloaded due to massive lack of funding and development to reflect the ever-increasing number of people in the new housing developments and the roads can't cope with current transport levels as it is. As a resident of Southwold i have seen the traffic going past my house increase exponentially over the past 6yrs. The village of Bucknell is not designed to have a massive additional flow of traffic (it's busy enough as it is on a small road with speed bumps and tight corners) nor is Bicester Town Centre. The environmental impact must also be considered. More swathes of green belt being destroyed for financial gain. Shocking. This development mustn't go ahead. Property developers (and probably the council) make money and everyone else's lives are made inherently worse."/>
