Comments	<input type="text" value="I cannot believe we need even more houses in Bicester when I moved to Bicester 30 years ago it was a nice small town and you had just started to build southwold , now there are houses everywhere you look and very little fields left. You can no longer distinguish between Chesterton, & caversfield as it's just houses and trading estates everywhere you look. This is now going to be right opposite where I live, resulting in years of heavy machinery , noise , pollution and general mess as with Kingsmere that's has been being built now for years and still not finished just getting bigger and bigger."/>
