| Type of Comment | <input type="text" value="Objection"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="As a resident of Bucknell I cannot support this application as it feels that the planners have not taken into consideration the impact on our Village and the local environment of the significant numbers of new residents. There is insufficient infrastructure and capacity to support this number of people looking at cars on the roads, even provision of GP medical services. Importantly it is also the impact on the environment and those who currently live in nearby villages such as Bucknell that hasn't been taken into consideration, especially looking at the planners latest changes which will encroach considerably further than was originally agreed. It was supposed to be an eco-town but latest plans show a solar panel farm and burial ground planned at the edge of Bucknell. It feels as if the planners have been underhand and residents views ignored which is why my family and I are objecting to the planning application as it currently stands."/> |
