Comments	<input type="text" value="This is yet another inappropriate development in the villages outside Bicester without adequate planning provision for the existing local villages. There is simply not the infrastructure to cope with the amount of additional cars this will bring. The heavily contested Great Wolf has already begun to be built and no consideration has been made for the ACCURATE impact this will have on all of our villages. I would implore the planning committee to not allow any developments of this nature UNTIL Great Wolf has been built - we know they lied about the golf course, conference facilities and on environmental grounds. We weren't able to stop Great Wolf but certainly no more should be built until the full impact is understood. There should not be a free for all in the villages."/>
