| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="The plans to build here I feel really haven't bees assessed correctly. There is a police traffic base on Howes lane which is in constant use 24/7 with many police vehicles travelling sometimes at high speeds when responding to incidents. To build that many homes would increase the amount of pedestrians using Howes lane and with the high speed vehicles this surely poses a potential danger to pedestrians. Also the houses on Greenwood homes suffered huge floods since the industrial units were erected, flooding has never been an issue on Greenwood homes and with more than 3000 new homes being built flooding will only get worse. Bicester green areas are rapidly decreasing, it used to be a market town and now with all the new estates being built it's slowly becoming a concrete jungle. Policing cuts have proved an issue for Bicester so to increase the size of the town will only bring an increased crime rate, there aren't enough police officers to deal with the current crime rate. So again more than 3000 homes will only make matters worse."/> |
