Comments	<input type="text" value="We do not need more houses, the infrastructure can not take it? This will cause more flooding in areas like Bicester town (Hanover Gardens area, which until the new Whitelands farm estate was built never flooded). Also the government keeps on saying we need to plant trees and help the enviroment, how is building more unwanted houses helping with the enviroment, where are the trees going to be planted if we building houses and trading estates on farmland? Has anyone checked for Bats, great crested newts, hazel dormouse, otter, water vole, reptiles and badgers, owls, other wild birds, their eggs and nests?"/>
