Comments	<input type="text" value="Having lived in this area most of my life it is sad to see so many of our villages being swallowed up into the urbanisation of Bicester once a lovely rural market town. This particular planning application further encroaches into our wonderful green belt. Will bring increased misery to the residents of Bucknell and Ardley, the traffic is already frighteningly heavy on the Bicester road from Bucknell to Ardley especially in the summer months when it is used as a rat run to the M40 and on Friday afternoons it is increasingly difficult to exit Ardley to travel to Bicester with queuing traffic leading up to the M40 Junction 10. Hawkswell is a huge development bringing an estimated additional 7500 people to this area which will impact on the already struggling infrastructure, increase pollution and destroy valuable farmland and wildlife habitats. I totally object to the size of this development."/>
