Comments	<input type="text" value="Traffic in Bicester becomes grid locked if we have roadworks, road closures, Bicester village Traffic or when the motorway has problems. Chesterton golf club have permission for great wolf which will increase Traffic (I know they have said it won't people will travel by public transport. Yes of course they will!!!) New houses will also increase Traffic in Bicester. OCC said cycling routes would be improved but so far no evidence of that in Bicester North. Removing barriers doesn't make the Traffic less. The present Traffic make this really difficult at weekends to cycle compared to 20 years ago."/>
