Comments	<input type="text" value="I have lived in bicester since 1991 and have seen the countryside around bicester disappearing at an alarming rate. With no consideration for wildlife and the well being of the people that live here. The villages that people live in and being swallowed up within the bicester boundary. I doubt whether the people that are making the decision on allowing our green areas to be build on even live in the area. The wildlife, our open spaces cannot speak for themselves so it's down to the people that live here to speak up. We want to be able to walk around in the countryside not yet another housing estate which are soulless and packed together."/>
