Organisation	<input type="text" value=""/>
Name	<input type="text" value="Catherine Caine"/>
Address	<input type="text" value="Streatley, Banbury Road, Bicester, OX26 2HH"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The proposal to build an additional 3,100 homes between Bicester and Bucknell village comes at a time when Bicester is already being overwhelmed with new houses. The traffic when travelling around Bicester at peak times is significant and adding an extra 5,000 plus cars on the road with this development will see the people of Bucknell and surrounding villages out at risk with extra traffic. The infrastructure is not sufficient with no reliable bus route currently pushing more people into cars on the congested roads around Bicester. Bicester town centre is not adequate to support the people of Bicester as it is. The environmental impact seems to have been overlooked with important wildlife habitat being placed at risk and increased flooding a certainty in the area."/>
