<b>Comments</b>	<input type="text" value="I am 10 years old. I am objecting because: One of the many reasons I love Bucknell village so much is because it is a small community and everyone knows everyone. If all these houses were built this would change and Bucknell would no longer be a village. In the village currently, I can go to the playground safely, on my own, with my sister and friends. With an upsurge of children, the playground will be overly busy and we wouldn't be able to keep it safe. As well as this, if you increased the number of houses, that would increase the population, which would result in more cars and further flooding. In addition to this, a huge number of animal's homes would be destroyed."/>
