<b>Comments</b>	<input type="text" value="I object to the hawkwell development. I already struggle in traffic just to cross Bicester where I live. This will bring more traffic to an overloaded town. My family already struggle with allergies diagnosed when we moved to Bicester. This will make pollution worse. In the current situation agricultural land needs to be prioritized, not built on. The cost of food is rising, are you not aware there is war in Ukraine, in what till now was a huge source of the world's bread. I cannot stress enough that we need our farms to grow food. Our land is much better managed in the hands of farmers than of developers. Our eco system is suffering. There is likely hood of flooding. The list goes on. The people want you to act on their behalf, not pay lip service to consultation."/>
