Comments	<input type="text" value="We moved to Bucknell from Milton Keynes in 2019 with the view of living in a quiet rural village, we moved away from large new build estates that keep continuing to multiply for a quiet and safe environment. Building towards the village will encourage more cars through the village and will encourage a rat run for sure, this worries me as I see dog walkers, horse riders and children playing daily. The roads are currently safe to walk on and for our pets to feel safe. So with extra traffic brings extra pollution, litter and noise into Bucknell. We strongly object to the Hawkwell development and we plead with you to listen to our community."/>
