Annex A **National Highway's assessment of the proposed development**

National Highways has been appointed by the Secretary of State for Transport as a strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such National Highways works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

National Highways are concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the M40, A34 and A43.

Statement of Reasons

We previously provided detailed comments for this application and provided a Holding Recommendation to give the applicant more time to respond (dated 7th February 2022, 4th April 2022 and 27th May 2022). Since this time, we have not received a re-consultation on any additional information.

Recommendation

National Highways recommends that the Local Planning Authority does not grant planning permission for the application (Ref: 21/04275/OUT) for a period of 56 days from the date of this recommendation (until 13th September 2022).

Reason

To allow National Highways to understand the impact of the development on the safe and efficient operation of the Strategic Road Network and provide the Local Planning Authority with fully informed advice.
