Dear Caroline,

I refer to your letter dated 25 January 2022 in relation to the above proposal.

National Highways has been appointed by the Secretary of State for Transport as a strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such National Highways works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

We are concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the M40, A34.

We previously provided detailed comments for this application and issued Holding Recommendation on the following dates: 7th February 2022, 4th April 2022, 27th May 2022, 20th July 2022, 12th September, 3rd November 2022 and 10 April 2023). Additional information, Technical Note TN12 was submitted on 1st February 2023, and we responded on 1 March 2023, however, it only addressed comments from Oxfordshire County Council rather than National Highways. We continue to work with the applicant to resolve outstanding issues.

In the meantime we recommend that the Local Planning Authority does not grant planning permission for the application (Ref: 21/04275/OUT) for a period of 56 days (until 31 May 2023) from the date of this recommendation to enable a further assessment to be undertaken and to allow us to provide the Local Planning Authority with fully informed advice.

Please find attached our NHPR form in this respect.

Regards

Mrs Beata Ginn
