Comments	<input type="text" value="I strongly object to the planning application for age restricted houses to be built on the edge of our village. It also goes against the local plan. There are few public amenities and public transport is minimal. We have areas with no pavement and very narrow lanes. I cant imagine how dangerous this will be for the elderly. We have 1 shop. Again---no pavement in areas from the proposed houses. The extra cars will have a sizeable impact on the traffic which is already busy especially at school time. There is also the fact that 25 other houses will aslo have access at this pinch point. The addition of more houses will spoil the rural feel of the village. It seems to be a badly designed plan that is jumping on the back of the current developent about to start in the next door field. Do we have to loose more beautiful rural land?"/>
