Comments	<input type="text" value="As a former resident of Wroxton I strongly object to this application. For many years the North Arms was a focal point, not just for Wroxton residents but for many people in the North Oxfordshire area. When it closed a few years ago many of us inhabitants of the area have felt a integral part of our community was lost but we have always maintained that the North Arms must remain. When my wife was pregnant with our first child (we have 5 now) and she was overdue by about 10 days and quite frankly had enough and wanted that baby to be born, I said let's go for a walk round the Abbey and then go to the North Arms for a pint (obviously a shandy for the mum to be) and some food, as we had done many times of the years. A day later her waters broke and I put that down to the relaxtion and beauty of the pub. The North Arms is the epitome of a long lost thing nowadays, the local village pub. I get that someone likes the look of the location. That the pub has been closed for a number of years, and it would make a lovely home etc etc, however for a large amount of people from the area we all long for it to return. The pub is a focal point to a small community and this is rapidly disappearing all over the country, and has done sadly for many years. This is why I object to this application."/>
