Comments	<input type="text" value="We strongly object to this planning request. We bought our house in Wroxton at a time when the pub was a going concern, one of the hearts of the community, and were persuaded this was the place for us to retire to due to the friendliness and encouragement of the villagers we met there. We were devastated when the pub closed, but anticipating the warmth of a village community pub in the future continued to keep our property and have invested hugely in what we hope will be a vastly improved and attractive property in the centre of the village. A pub is almost as essential as a Church to a village community and to the sense of belonging, and the cynical way this property has been deliberately allowed to decay and time allowed to pass in order for a change of use application is unacceptable and a travesty."/>
