Comments	<input type="text" value="I wish to object to this application for the following reasons: Disruption while developing the site will be significant as everything has to go through the front door of the cottage There is no room for construction lorries as the road is very narrow and emergency vehicles would not be able to drive to/from existing houses The digging of foundations would severely affect neighbouring properties Any enlarged of the cottage would result in increased car parking. Currently there are not enough car spaces for existing residents"/>
