Comments	<input type="text" value="The application is unsuitable for a number of reasons. 1) The property is in a conservation area and it and the adjacent properties add significant character to the area. Any extension would undermine the charming character of the area and possibly lead to a cascade of further extensions. 2) The street outside is very narrow and any works would lead to additional blockages through skips and builders vans, endangering life as access to emergency vehicles would be constrained 3) in the longer term a bigger building would undoubtedly mean more residents and more cars adding to the parking chaos in the street 4) houses on the street have young residents who like to play and ride their bikes - additional traffic would endanger these children."/>
